

In Memoriam of Annie Boyle (May 31, 1982 – October 30, 2025)

It is with tremendous sadness that we write to inform you of the untimely passing of our friend and colleague, Annie Boyle. Annie was a valued member of our Underwriting team, and we will miss her greatly.

Annie joined Signature Risk in 2016 and was critical to the establishment and growth of our Quebec franchise. She quickly became an integral part of our company and always brought high energy and excellence to everything she did.

Annie had a passion for animals and adventure. She regularly travelled to exotic locations around the world where she would immerse herself in the local culture. She had recently begun riding and she often raved about how much she loved horses.

Annie was a thoughtful, determined and exceptionally bright young woman who has been taken from us too soon. While we cannot make any sense of this loss, we will work hard to keep her memory alive.

In accordance with her wishes, no funeral service will be held.
