Payment by Electronic Funds Transfer (EFT) Request

As a valued partner we would like to invite you to participate in the Signature Risk Partners Inc. Electronic Funds Transfer (EFT) Payment Program.

Paying insurance invoices via EFT is the fastest and most efficient method to settle your account and it reduces significant costs associated with ICS or mailing cheques.

We will continue to email invoices with your policy documents and endorsements and we hope that you will move to EFT to settle all future payments. If you wish to proceed we have included our Trust Account banking information for your reference.
