

**FOR IMMEDIATE RELEASE**

**Attention Business Editors:**

**Signature Risk Partners Inc. Announces Parametric Weather Insurance Solution**

---

**TORONTO, CANADA - July 26, 2017** - Signature Risk Partners Inc., Canada's leading non-broker owned MGA, is pleased to announce the release of a new Parametric Weather Insurance Program for Golf Courses across Canada.

Signature's new offering uses historical data to offer insurance cover that will make a payment based upon the occurrence of a predefined triggering event.

"Ever since the large Flood losses in 2013 many Golf Courses have struggled to find meaningful Flood protection for their facilities," said Signature's Director of Golf, Ashley Chinner. "Insurance markets are now Flood Mapping every location and anything in a 50 or 100 year zone is typically refused Flood Coverage completely." Chinner continued, "The launch of our new program will provide the first real solution for many golf facilities across the country."

The Signature offering is backed by one of the largest syndicates at Lloyd's and offers limits from \$100,000 to over \$1 million with zero deductible. Golf course owners and operators can set their own limits and payments are made based solely on a breach of the predetermined limits.

"We are committed to the golf industry in Canada and this new protection option will help our customers focus on running their business knowing that they are protected," said Annie Boyle of Signature.
