

## FOR IMMEDIATE RELEASE

Attention Business Editors:

### Signature Golf Partners with Smartwaiver to Launch Golf Waiver Program

---

**TORONTO, CANADA - January 18, 2021** - Signature Risk Partners Inc., one of Canada's leading non-broker owned MGA's, is pleased to announce a new partnership with Smartwaiver to launch a cloud based waiver solution for the Golf Industry in Canada. By utilizing Smartwaiver, Golf Clubs across Canada can easily send Release of Liability Waivers, Acknowledgements and Assumptions of Risk to their members and guests.

Waivers have long been a requirement for participants in most sports but until now the golf industry has not adopted this important risk management tool. Today, Signature is pleased to announce the launch of a cloud based waiver solution that will streamline the process while allowing Golf Courses to easily manage and access completed forms.

#### What is the problem Signature Golf is trying to solve?

Golf and Country Clubs have a number of documents that need to be managed each year:

- Participation Waivers
- Club Events
- Golf Cart Rental Waivers
- Covid-19 Assumption of Risk

Keeping up with paper copies of Waivers is a significant burden for Golf Clubs. Utilizing Smartwaiver, documents are easily shared, stored, organized and retrievable. Additionally, Smartwaiver allows you to track event attendance and offers contactless document signing through unique weblinks, QR codes and SMS.

“We are very excited to partner with Smartwaiver and bring their leading waiver technology to our golf course owners and operators in Canada. The Smartwaiver process is simple and secure and will provide tremendous value to Signature Golf customers.” says James Grant, President & CEO of Signature Risk Partners Inc.

This new online waiver system will be exclusively available to Signature Golf customers and the program will be in place nationally in time for the 2021 golf season.
