Signature Park Announces New Supplier Sponsorship with Camping in Ontario

TORONTO, ON – June 04, 2026 – Signature Park, a division of Signature Risk Partners Inc., is proud to announce its official supplier sponsorship with Camping in Ontario, the leading campground association in the province.

This strategic partnership aligns perfectly with Signature Park's nationwide capability to provide specialized insurance programs for campground resorts, RV parks, glamping resorts, and lodges. Built on extensive knowledge of the Canadian commercial insurance marketplace, Signature Park offers tailored, comprehensive coverages designed specifically for the unique needs of outdoor resort facilities.

"Partnering with an association such as Camping in Ontario makes a lot of sense," said Peter Lovering of Signature Risk. "The associations across the country do so much great work for their members when it comes to local, provincial, and national advocacy."

Expanding a Nationwide Commitment

This new relationship further strengthens Signature Park's deep roots within the Canadian outdoor hospitality industry. The company is already an active member of the **Canadian Camping and RV Association (CCRVA)** and the **BC Lodging and Campgrounds Association (BCLCA)**.

To support the robust outdoor tourism market in Quebec, Signature Park features fully bilingual operations, offering French-language policy wordings and dedicated offices in Montreal to service the province's *Plein Air* campgrounds, RV parks, lodges, and glamping resorts.

Beyond providing insurance, Signature Park views its role within these associations as collaborative. "I see ourselves as an educator for the association," Lovering added. "Through that education, we are able to help owners make informed decisions about protecting their businesses."

How Campgrounds Can Access the Program

When asked if campground owners can get a direct quote from Signature Park, Lovering clarified that the program is distributed exclusively through professional channels to ensure maximum protection for the insured.

- **Broker-Driven Network:** Resorts can only obtain a quote via a licensed insurance broker, a structure that works heavily in the operator's favour.
- **Market Timing:** With evolving industry risks and updated coverage options, now is an ideal time for owners and operators to contact their current insurance broker to request a quote from Signature Park.

About Signature Park & Signature Risk

Launched in the Spring of 2022, the Signature Park program has experienced dramatic growth over the last three and a half years. As an established Canadian leader in specialized commercial insurance—with dominant programs for golf courses, wineries, and craft breweries across Canada and Quebec—Signature Risk utilized its deep industry expertise to build the Signature Park program. The result is a premier insurance solution that helps park owners and operators secure the best coverage, risk management tools, and competitive pricing available on the market today.
